### BOURBON FARMERS INTERESTED IN POULTRY CULLING

Recent poultry culling demonstrations held on Bourbon county farms by the extension division of the College of Agriculture at Lexington and interested persons showed that farmers and poultry raisers in this section of the State are keenly interested in the improvement of their flocks, according to an announcement from the college poultry section. The demonstrations held in this section were a part of the drive being conducted over the State by the college poultrymen, county agricultural agents and other interested persons to rid farm flocks of the large number of low producing and boarder hens that stop laying at this time of the year and loaf until spring.

Six demonstrations were held in this county with an attendance of approximately 96 interested persons. A total of 470 hens were handled, 173 or more than one-third of these being thrown out because they showed the characteristic signs of being those that had stopped laying.

One of the first demonstrations in the series of six was held on the farm of A. J. Thaxton, Millersburg. Twenty-one interested persons attended this demonstration to learn the method of separating the laying and loafing hens in their flocks. Fifty-three of the 110 hens in this flock were culled out because they showed signs of having outlived their usefulness as egg producers.

Another demonstration was held on the farm of Carlton Ball, near Millersburg, 64 hens in this flock of 125 being culled out because they showed signs of having stopped laying. Ten more persons learned the method of culling their own flocks by attending this demonstration.

Twenty-two persons attended another demonstration held on the farm of J. R. Letton, near Millersburg. Seventeen hens were culled from the flock of 57 Rhode Island Reds on this farm.

A fourth demonstration held on the farm of Mrs. Luther Rice, who lives near Clintonville, resulted in 12 more persons learning the method of picking out the boarder hens in their flocks. Twenty-four hens were culled from the flock of 120 Barred Plymouth Rocks on this farm.

The fifth demonstration in the series was held on the farm of J. W. Bell, who also lives near Paris. Twelve persons attended the demonstration held on this farm in which 15 hens were culled out of the flock of 58 White Wyandottes.

The final demonstration was held on the farm of Miss Luella Jones. Her flock already had been culled, but the 15 persons who attended the demonstration had the method of culling explained to them.

In culling the flock at each of the demonstrations, the poultrymen from the college explained the method of picking out the loafing hens in order that those who witnessed the work might return to their home and cull their own birds. Many points on better poultry feeding, housing and management also brought out in the demonstrations for the benefit of those who attended.

### BACKACHE IS A WARNING

Paris People Should Not Neglect Their Kidneys

Backache is often nature's most frequent signal of weakened kidneys. To cure the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small of your back, urinary disorders, headaches, dizzy spells, or nervous and depressed, start treating the kidneys with a tested kidney remedy.

Doan's Kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Read Paris testimony.

Thomas A'Hern, proprietor restaurant, 927 Pleasant street, says: "Doan's Kidney Pills are all right and I recommend them highly. I used Doan's some time ago when my kidneys were out of order and my back ached just over the kidneys. I had dizzy spells and felt sleepy. I lacked ambition to do my work. As soon as I began using Doan's Kidney Pills, which I got at Oberdorfer's Drug Store, I got relief and three boxes cured me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that A'Hern had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

The beer made from rice by the Japanese is called saki.

### BOURBON BRED RACER WINS BIG VICTORY

The Rancocas Stable's Ediet, a daughter of Jim Gaffney, bred by Artur Hancock, in Bourbon county, scored a sensational victory at the Saratoga track, Saturday afternoon in the fifty-third running of the Spinaway Stakes, America's leading turf classic for two-year-old fillies. It was her fifth straight winning effort.

The Rancocas filly took the prize by a scant head after long, hard drive against Harry Payne Whitney's Fly by Day. Bud Fisher's Brocade took third and E. R. Bradley's Betty Beall finished at the head of the big field of also rans, which included Dunelise, the sister of Morvich.

ECZEMA! Money back without question if HUNT'S GUARANTEED SKIN DISEASE REMEDY (Hunt's Salve and Soap), fail in the treatment of Itch, Eczema, Ringworm, Tetter or other itching skin diseases. Try this treatment at our risk.

### REUNION DAYS AT TH7 STATE FAIR

So complete are the plans for the "Home Coming and Reunion Week" formulated by the Young Business Men's League as the hospitality and human element of the Kentucky State Fair the week of September 11, that even a recluse or a hermit would have difficulty in not finding at least one reunion to which some past activity of his life would make him eligible and renew the spirit of fellowship and comradeship which comes with man's association with his fellowman.

The wide sweep of reunions outlined include political, fraternal, school and military groups subdivided small enough so acquaintance and chatty sociability will be easy and natural. They will bring old friends together easily and quickly and lessen almost to the vanishing point the chance of any visitor in Louisville to the State Fair being lonesome or alone.

All of the last six State administrations are to be represented in the reunions with the highest ranking officials of the executive and legislative branches as chairman. For the administrations prior to those of the late United States Senator W. O. Bradley, A. J. Carroll is to be chairman.

While the political group reunions are expected to bring hundreds together, the military, fraternal and educational gatherings will have the widest appeal. Veterans of four wars, including the Mexican, will have their individual booths as meeting places in the reunion scheme as will graduates and former students in every educational institution of note in Kentucky. So that absolutely no visitor can be left without a meeting place, the largest booths of all will be those for reunions of present and former residents of the various sections of Kentucky.

Days will designated for the many gatherings. In selecting them the idea has been to choose one on which the greatest number from the reunion scheduled are certain to be present. Military reunions will be no Military Day, former administrations on Governor's Day and others on similar appropriate days.

Timothy Hay From New England. Timothy hay was first grown in the New England states and was brought to the Carolinas in 1720 by Timothy Hansen, from whom it derives its name.

### THE PULSE OF THE NEWS

Delevan Smith, who was the main-spring of the Indianapolis News until he died, made a great many big wheels in Indiana go round. A quiet, sensible, unassuming man, his final judgment on policies and purposes was largely responsible for making The News one of the great journals of America. To-day it is on the top layer of American newspapers, one of the very few that has a direct influence through its readers upon the outcome of elections and public movements.

For much of this Delevan Smith was responsible. He was not only a sound business man, but he had real newspaper ideals and understanding. The one incident of the concealed Fairbanks ownership of The News has been waived in view of the long and honorable life of the publisher and the newspaper.

The staff of a newspaper has the burden of realizing on the ability of the director, and Delevan Smith always appreciated this fact. Consequently The News staff is able, loyal and free. Anyone who doubts that should have heard what Henry Palmer, then city editor, said to Mr. Smith when the publisher sought to gossip at his elbow while Mr. Palmer was trying to write a running story of the Taft convention of 1912. Cordially, yet necessarily, cussed out by his subordinate for interfering with a working man, Mr. Smith settled back with a look of alarm on his face very strongly intermingled with pride and pleasure.

### "COLD IN THE HEAD"

is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.

All Druggists. Circulars free.  
F. J. Cheney & Co., Toledo, Ohio.

### WONDERFUL SUN BLOSSOMS

(Nicholasville News)

Miss Kate Sageser, who is a lover of flowers had a sun flower that was a curiosity and was shown to a number of lovers of flowers. The stalk of the plant measured fourteen feet. The blossom after being cut, weighed almost four pounds and the diameter of the leaves measured 17 inches.

### "Middle One's" Hard Lot.

Jane, who has one brother older than herself and one younger, explained why a middle child has a hard lot. "The middle one doesn't get to go places," she said, "because the oldest one is always big enough to take and the youngest one is always too little to leave."
